Brinks & Associates
Basic Wills & Related Estate Documents (\$495.00)

Call 616.656.1090 for an appointment or e-mail us at Brinks.Law.Firm@prodigy.net

If you choose to purchase this basic package, you will receive an initial letter (or electronic form to fill out on your computer) explaining what information you need to gather before our first meeting.

At the first meeting, you will meet with Attorney Brinks to review your estate planning needs. The purpose of this meeting is to discuss any questions you might have and to make certain that the basic package is appropriate for your estate planning needs. In some cases, a more complex estate plan is needed, and this will change the price of the package. Any additional fees would be discussed with you by Ms. Brinks.

BASIC WILL

A basic will is suitable for a small to moderate estate. When spouses draft basic wills, they generally leave all of their assets to each other, and, in the event of their simultaneous deaths, to their children equally. If the person selecting a basic will has a minor child (children), this will permits them to choose a guardian and to name a trustee, as well as to designate how old the child (children) should be before receiving any money under the will. There is a trust set up in the will, which will become effective through probate of the estate.

HEALTH CARE POWER OF ATTORNEY

This important legal document designates who will make decisions about your medical treatment if you are not able to do so.

GENERAL POWER OF ATTORNEY

This legal document allows an individual to act for another person. A general Power of Attorney permits your designated person to act for you under any circumstances; a Power of Attorney Effective upon Disability permits someone to act for you if you become disabled. We recommend the Power of Attorney Effective upon Disability for most estate plans.

I agree to pay BRINKS & ASSOCIATES the sum of \$495.00 for my Basic Estate Planning Package containing my Will, Durable Power of Attorney and Designation of Patient Advocate Form. Payment is due at the time these documents are signed. In the event I decide not to complete my estate planning by signing the documents, I agree to pay BRINKS & ASSOCIATES for the time spent drafting my documents at a rate of \$240.00 per hour, not to exceed \$495.00. In the event additional work is required because my estate requires more complex documents, I agree to pay for this work at the hourly rate of \$240.00 per hour.
